E-mail : info.sweden@oras.com Internet : <https://www.oras.com>

Product name: ALESSI Sense, article number 8710F and -8712F

Electronic mixer taps (EN 15091) made of brass with pop-up bottom valve and provided with type-approved inlet flexible hose connection. The model 8712F is fitted with a smart bidetta hand shower.

Intended use

Washbasin mixer for hot and cold tap water, electronically operated.

Approval

The product meets the requirements of PBL 8 chap. 4§, the technical properties of building works 2 and 3, under the conditions stated in the accompanying documents. The product is thus approved with respect to the following sections in the Swedish National Board of Housing, Building and Planning's building regulations (BBR):

Products with assessed properties	1:4
Installations for tap water, 1 st sentence, paragraph 2.	6:62
Tap water flow	6:623
Back flow prevention	6:624
Design, paragraph 1 and 4.	6:625

Associated document

Installation and Maintenance Guide 943149-06-19, by Oras®.

Product marking

The product packaging shall be permanently labelled with the following information:

Holder / Product name / Manufacturing site: Rauma, Finland

Traceable mark to production date

Information on class or other important information

Kiwa Sverige  Type Approval 1596 

Accreditation number: 1913

Inspection Body: Kiwa Sverige

Control

Manufacturing control shall be performed as internal- and supervising external control.

Control agreement: reference no. 1186/17 dated 07 December 2017.

At the construction site, checks must be carried out by identifying the product with the aid of approval marking and checking that the product is installed according to the manufacturer's instructions based on this approval.

Basis of approval

Test report no. VTT-S-06323-18, issued by VTT Expert Services Ltd.

Date of decision: 12/06/2019

Ref. no: 727/19

Valid until: 11/06/2024
